Kathy Dittmaier, Vice President/Jury Chairperson – townsendartisanguild@gmail.com

This document serves as an overview of the “do’s & don’ts” for prospective applicants.

Your work will be judged by a panel of no less than four members of the Townsend Artisan Guild who comprise the Jury Committee. The Jury Committee is chosen for their expertise in a specific medium. To help the Jurors evaluate your work please consider:

- Artwork must be handmade and of original design and created within the previous two years.
- Submit pieces for one category unless specifically indicated for multiple categories and then 3 pieces per category
- Submit pieces that represent your best work
- Submit pieces that comprise a cohesive “body of work”. A “body of work” is an accumulation of artworks that share the same style and overall message and demonstrates mastery of technique.
- Complete the Membership Application and Jury Application Questionnaire with clear and concise information
- Try to limit answers to the space provided or no more than one page front and back of the Jury Questionnaire form while answering the Questionnaire in its entirety
- Cover all identifying marks on your work BUT do include your information on the back/bottom or attachable in some manner.
- Do not include pricing or materials that will distract from the actual artwork.
- Do provide props only if they are required for showing of your work. Example would be a neck form for a necklace.
- An aspect of judging is presentation. Submit work that is neat and clean and would represent your art in the best manner.
- Deliver your work in a safe, secure container with adequate packing with your name on the container.
- Completing the application early assists the Jury Committee by ensuring we have the expertise needed in your category to judge your artwork objectively and fairly

\*\*Special arrangements can be made for unique situations for early drop off and late pick up but must be pre-arranged with the Jury Chairperson prior to the jury session.

Prohibited work:

- Artwork produced by commercial kits
- Artwork that infringes on copyright laws
- Artwork that utilizes hazardous, scarce or endangered materials
- Artwork that is overtly offensive

Disclaimer:

Townsend Artisan Guild and the Townsend Artisan Guild Jury Committee shall operate in a manner to prohibit discrimination and harassment of any type and to afford equal opportunities to members and applicants without regard to race, color, national origin, religion, sex, pregnancy, marital status, sexual orientation, gender identity, age, physical or mental disability, or covered veteran status. (Bylaws of The Townsend Artisan Guild, Article II, Section 4.
